

USE OF THE 16-19 TUITION FUND, ACADEMIC YEAR 2021-2022

Target learners

The College will use the fund to support learners:

- with a maths/English GCSE at grade 4 or below
- where a course teacher identifies learners who may have identified needs due to lost learning resulting from the impact of COVID-19.

Type of delivery

- Small group tuition: the target group size will be up to five learners or, exceptionally, up to seven
- One-to-one tuition
- Sessions will either be stand-alone or comprise support of small groups of targeted learners within taught lessons, enabling learners to learn more effectively and acquire essential knowledge and skills and make swift progress from their starting points.

The College will provide tuition in

- English
- maths
- vocational courses
- other subjects and learning where learners are identified for support.

The College will use the following staff to deliver the tuition

- existing teaching staff
- progress coaches, who will work with learners to identify barriers to their learning and support with addressing these
- catch-up coaches, recruited to support targeted learners.
