

Dear new students

Welcome to West Nottinghamshire College - this is a beginning of a new year and I'm happy to say you will enjoy your time here. Also the day you meet your tutor they will give you all the information you need to know and the things you need for the course you want to do.

This will be a great opportunity to meet new people and apply for the course of your choice.

My first day as a student at college was a bit nerve wracking at first but as time went on I settled down and met new people.

In the hospitality and catering sector there are great opportunities to go on trips and so many things to achieve in both the kitchen and front of house. Something which I was very proud of achieving was getting a merit in front of house.

My thoughts on college is that it's a new beginning to start a new chapter and if you have any problems they will sort the problem straight away.

Applying to college is a big new step in life. It may feel scary but I can assure you that you'll settle in for sure and there are always people to talk to about problems and make you feel at ease and make you feel really welcome at the college.

Yours sincerely

**Alicia Shirley Level 1 Catering**
