

Induction Task
BEACH WAVES

Level 2 Hairdressing September 2020

Task 1

- Research all the different ways to create beach waves in the hair, the list below will help you to start your research.
- What tools are used to create beach waves?
- What products are recommended to style this look?
- What length does the hair need to be?

Task 2

From the research you have carried out you are now equipped with the knowledge and understanding to be able to create beach waves, however you need to be able to have the practical skills to perform the look.

Take a look at the following links and whilst watching try out the techniques either on yourself or a person you are living with.
