

Dear new students

My name is Courtney Taylor and I'm currently studying Level 2 hairdressing at West Notts College. This is my second year at the college I also studied Level 2 hair and make-up artistry during 2018/2019 and I passed that course. I was going to proceed onto Level 3 but I realised I enjoyed doing hair a lot more therefore I went onto a hairdressing course instead.

When enrolment day came I was really excited to get started in doing something that I have always loved. I met so many people on enrolment and they became friendly faces for when I was starting the college as an official student. My first day was great I made new friends and I met my tutor and everything went really well so I was very happy.

My favourite thing about hairdressing is colouring and lightening of the hair, this is because you can get creative and I find it really cool! At the beginning of the year we also had Cloud Nine company come in and teach us all about their irons they make and I found it really interesting and inspiring as well.

The uniform in my opinion is very smart and makes you look professional and this is a good thing when you are working with clients in the salon. Our salon is very stylish and set out in a great way and every client that I've spoken to has always had something good to say about it so that makes you more confident. Being confident as a hairdresser is very important.

Overall, our college is brilliant in lots of different ways the teachers are kind and supportive and so are the students you will never have a dull day here at West Notts as it's full of kindness and positivity.

Anyway thank you for reading this and I hope that your journey at West Notts will be just as good as mine and I wish you the best of luck.

Yours sincerely

Courtney Taylor
