

When I applied for my beauty course my expectations and hopes were to start on the Level 2 but as I didn't get my expected grade, I was placed onto a Level 1 course. At first it was a bit disappointing as I didn't think I would be able to learn treatments that clients actually wanted to have done, but it was the exact opposite.

Now having done the course I'm very happy with the treatments I have learned such as manicures and pedicures which I now can provide to family and friends, plus having that extra level has been really beneficial to me as I can now show any future employer my certificate which will open many doors.

My personal reason for doing Level 2 is to be fully-qualified and secure a job in a salon or spa gaining more experience for my dream job of working on a cruise line and travelling the world. I would definitely recommend applying for Level 2
