

Dear new hospitality and catering student

If you're considering this course for your hospitality career you're on the right path. This course offers you academic knowledge on laws that affect the industry, whilst also allowing you to gain lots of practical experience throughout the year.

The practice you gain from this course will be endlessly valuable to you as employers, especially in our industry, specifically want to see work experiences on your CV.

Not to mention, this course hardly feels like work. Apart from the practical workbooks, this course is always fun. Between the department staff and the friends you make, you'll be surrounded by fun individuals that always brighten up your day.

Overall I would highly recommend this course to anyone wanting to aim high in the hospitality industry. The experiences, opportunities and personal development this course has pushed me to achieve have been unlike anything else. Not to mention the brilliant friends I've made along the way.
