

Dear student

I am writing to you today to tell you about college and what a great experience it is to study at West Notts College.

Firstly I would like to start off by saying how kind and caring everyone is because if you are lost you can ask anyone around college and they will help you get to where you need to be.

The courses are really good I have been studying hospitality and catering for two years now and I have enjoyed every bit of it, I have learnt so many skills that I can now practice at home. The teachers are so nice they always find time to talk to you if you have any problems with the course or studies at home.

On the open day of the course they will put all the year groups into groups so a mixture of Levels 1, 2 and 3. You'll take part in challenges which will get you working as a team and communicating so that you can make new friends so the experience won't be as scary .

I hope me sharing my experience with you helps you settle into college and if you are doing a hospitality and catering course come and find me and I'll be happy to tell you more and give you a tour of everywhere so you don't feel like your lost

Kind regards

**Kieran Peet**
