

# Induction Task

MALE GROOMING

Level 2 Barbering September 2020

## Task 1

- Research the latest trends in male grooming, what are men asking for at the barber's shop?
- Once you have conducted your research create a list of services offered in local barber shops and explain what each service involves, (an example is below).

Example: **Full cut and beard tidy** – this service is offered to customers who want a regular trim but also need to have their beard or facial hair tidied up. The service will involve using clippers, scissors and possibly a razor to sharpen any edges. Customers usually come in for this every 3-4 weeks depending on their style.

## Task 2

From the research you have carried out you are now equipped with the knowledge and understanding of the services on offer in a barber shop.

Watch the following videos to develop an understanding of how some of the services are carried out.

<https://www.youtube.com/watch?v=JbuivoRQe6M> (cut and beard tidy)

<https://www.youtube.com/watch?v=vJI4pweiHFc> (waxing)

<https://www.youtube.com/watch?v=qF45iGjDoGc> (cut and styling)

**We look forward to seeing you in September!**
