

BTEC Level 1 Computing Summer task

Hello and welcome to Computer Science at Vision West Nottinghamshire College. Congratulations! You have applied, attended an interview and been selected for our BTEC level one in Information Technology.

Whether it's programming, games development, data analysis, IT project management or infrastructure technician we feel that you have chosen the right pathway for your future career.

You will be with us to gain skills, knowledge and understanding, as well as develop your talents in computing and information technology, ready for the next steps in your career. Your time with us will be challenging; you will have assignments, projects and products to complete and create, all of which are designed with your future in mind, whether that will be level 2 then 3, apprenticeships or employment in the IT sector. I hope that you will not only do very well on your course but also take part in the activities that our department has to offer, including; extra-curricular classes, guest speakers from the industry, live projects, meaningful work placement, departmental and national competitions, and lots of other exciting opportunities.

Your course starts now!

You are expected to complete some work during the summer break and submit it on your first week at college. This will be enrolling and taking part in Idea's – The Duke of York Enterprise award.

To sign up you will need to go to this website iDEA.org.uk and sign up. You need to complete enough tasks to gain yourself 100 points. You can choose which tasks you do as long as you gain 100 points. This needs to be completed by 1st September 2020.

Tasks fall into 5 categories;

If you have any issues accessing and completing this task please do not hesitate to contact us. This can be done by either phoning 01623 627191 ex 8003 or emailing joy.jennison@wnc.ac.uk, please be aware that it is the summer holidays therefore we might not be able to reply straight away.

Regards

Joy Jennison
