

Eduroam on IOS

Users will first need to connect to Eduroam, then add the College Certificate

Adding Eduroam

Go to settings and wifi

Browse for and connect to the Eduroam wifi.

Sign in with username@westnotts.ac.uk (eg. Abc12000023@westnotts.ac.uk) and regular college password.

If asked about the certificate, select trust and complete the wizard.

Adding the college certificate

The certificate can be found at <https://wnc.ac.uk/ssl-cert>

Browse to the certificate and select allow on the pop-up message.

Then go to settings, general then profiles, select the 'inspect.wnc.ac.uk' profile and select install.

Then go to settings, general, about and select 'certificate trust settings' and ensure the 'inspect.wnc.ac.uk' is enabled.
